

# 800response

## Referral Program

*Benefit when the businesses you know sign up.*

### Referrals - The Most Valuable Leads

It's a pretty great feeling when someone tells you they heard about your business through someone else – after all, word-of-mouth referrals are strong and the best form leads!

As an 800response customer, you've seen first-hand how our suite of lead generation, tracking and monitoring tools have helped your business grow over the years. So why not share this knowledge with another business you know and respect and help get them on a similar path to improved lead generation, tracking, and monitoring to grow their business and improve their customer experience?

Don't hold back – send us a few names of companies and people you know, and when we bring them on as a new customer, we'll give you...

### An Amazing Gift is Waiting for You!

Once a contact you refer to us signs up for our suite of solutions, we will send you a choice of three gifts: An Apple HomePod®, a Hello Fresh® meal kit delivery service subscription (valued up to \$300), or a \$300 VISA® gift card. Your choice, and our way of showing how thankful we are to you for everything you do for us.

### Refer a Business

Contact us with the name of someone you believe 800response can help increase lead generation, track campaign performance, and monitor agent performance. Contact us using the info below.

Thanks for your continued trust in 800response, and for spreading the word about our solutions!

Sincerely,

800response Sales Team
