

# 800response

## Referral Program

*Benefit when the businesses you know sign up.*

### Referrals - The Most Valuable Leads

It's a pretty great feeling when someone tells you they heard about your business through someone else – after all, word-of-mouth referrals are strong and the best form of leads!

As an 800response customer, you've seen first-hand how our suite of lead generation, tracking and monitoring tools can contribute to business growth. So why not share this knowledge with another business you know and respect, and help get them on a similar path to improved lead generation, tracking, and monitoring to grow their business and improve their customer experience?

Don't hold back – send us a few names of companies and people you know, and when we bring them on as a new customer, we'll give you...

### A \$300 Amazon™ or Visa™ Gift Card!

Once a contact you refer to us signs up for our suite of solutions, we will send you an Amazon™ or Visa™ gift card. Use your gift card to find that perfect gift for someone, get an item you've been needing for a while, or just treat yourself to something special. It's your choice, and our way of showing our appreciation.

### Refer a Business

Do you know of businesses that 800response can help increase lead generation for, track campaign performance, and monitor agent performance? Contact us using the link below.
